Mirror polish finish - Sandblasted Finish

Bespoke sizing

**Full installation service - POA**

## 102-102 Anti-Skate Blade Installation

### Installation

1. Use a 12inch angle grinder to form a slot
2. Remove dust and debris caused by drilling.
3. Following the product guidelines, found on the Resin tube, pour a sufficient amount to half fill the slot, so the hole is completely filled once the blade is inserted.
4. Push the blade into the slot firmly ensuring an edge seal around the entire blade.
5. Allow a few minutes for the resin to set
